Dear Seaquam students and families,

Congratulations to everyone for working together to get through this COVID filled year. Our entire community came together to take this pandemic seriously and to ensure we followed the safety measures to keep everyone safe. In addition, the resiliency shown by everyone in pivoting to a Quarter schedule and making the schedule work the best we could as a community was inspiring. I am proud of the efforts of our entire school community.

The final newsletter of the 2020-21 school year is being devoted to recognizing our student's curricular and extra-curricular accomplishments. Later in this newsletter, the award winner's names are listed to recognize their hard work, dedication and excellence. Congratulations to all of our students who are being recognized.

I want to acknowledge the contributions of our staff members who will be leaving our community.

Ms. Tarves (retiring), Ms. Ballantyne (retired), Mr. Mitton (retired), Mr. Ducharme, Ms. Emmott (leave), Ms. Hambrook, Mr. Isaak, Ms. Liu (leave), Ms. Lewis, Mr. T. Wong, Mr. De Jong, Mr. Gronlund, Ms. K. Deane, Mr. Mian, Ms. S. Deane (leave)

Thank you for your support of our students in their pursuit of excellence. Your contributions will be missed and good luck in your future endeavours.

As we move into the summer break, some students will take courses at Summer School to continue their education. I hope your Summer School experience is positive and you are able to successfully complete the course work. I applaud those students for their commitment to learning in an extension of the regular school year.

We hope that all of our students and families have an opportunity to spend time together and have a well-deserved break. Information for the upcoming school year will be posted on the Seaquam website and a newsletter will be sent to families electronically in August. The first day back to school will be **Tuesday, September 7th** and the schedule for the first week will be outlined in the August Newsletter.

We hope everyone has a wonderful Summer holiday.

Take care everyone,

The following information will provide details on timely topics.

Summer Office Hours:

The school main office will be open for the Summer, except for July 23rd and 30th. Office hours will be Monday to Friday from 9:00am to 1:30pm.

COVID-19 Health and Safety Guidelines for Schools

The government announced moving to Step 2 of the BC Restart Plan. It is important to know the lifting of restrictions for individuals, businesses and services does not impact our schools. Schools are required to continue to follow the [Provincial Health and Safety Guidelines for Schools](#) that have been in place all year to keep staff and students safe until the end of the 2020-2021 school year, including summer school.

Celebrating a Soapy Student Success

This month, Marketing and Entrepreneurship Nine students raised over \$300. for charity, including a donation to Children's Hospital.

Students were given a set of handmade, local soap, generously crafted for the class for just the cost of ingredients. The students were then required to create informative, attractive packaging and a detailed marketing plan, depending on which of the five different types of soap they were given. They presented their concepts to their classmates and then were required to sell the soap to family, friends, or neighbours. Part of the challenge was to anticipate the expectations of customers and to make a reasonable profit to donate to charity (while recouping the initial investment).

“Their approaches were wildly different and very creative,” said their teacher, Ms. Janzen, “Some decorated boxes and labels, while others put them into beautiful gift packs.”

Many thanks to Lana Chan, who made a hundred bars of soap over the Spring and had them curing all over her tiny apartment. “We couldn't have done it without her!”

Seaquam Green Team

The Sequam Green Team has been awarded \$1000.00 for winning the District's Energy Conservation Grant. The Green Team students were dedicated in making recommendations on being more energy efficient at Sequam and conducting various projects at the school. The grant money will support the Life Skills Program garden initiative that showcases the program's many contributions to our school community.

Grad 2022: Preparing for Grade 12

As you prepare to enter your final year of high school, there are 2 opportunities I would like to bring to your attention, and which, I suggest you prepare for over the summer as the turnaround time for these come very quickly in September:

MINI MED SCHOOL Every year, B.C. Children's Hospital Research Institute offers a “Mini Medical School” lecture series for high school students. Each high school in the province is permitted to nominate 3 students to participate in the program.

Mini Med School is a health science youth outreach and public education program with a reputation for being “anything but mini.” Every course curriculum is designed to give a basic understanding of the field while exploring up-to-the minute research, clinical applications, and social and ethical implications. Attendees have the opportunity to hear from award winning scientists, interact with health science experts, and participate in hands on activities.

In order to participate, you must be nominated. To enter the competition, you must provide to Ms. Gehiere a letter of interest in this program. Please submit your letter to the career centre no later than September 13, 2021. Students will be selected competitively by the science department. For full details, please visit the following link. Please note that the 2021 curriculum has not been announced yet, but this link will give you an idea of what it is all about:

<https://www.bcchr.ca/events/mini-med-school/mini-med-school-vancouver>

LORAN SCHOLARS FOUNDATION The Loran Award is a nominated scholarship. Winners are chosen based on academics, character, service and leadership.

The selection of a Loran Scholar is unique in its attention to a young person's character. We believe that integrity, courage, grit and personal autonomy are better indicators of overall potential than standard academic measures. To discover these traits, we administer the most comprehensive and thorough scholarship selection process in Canada. Tenable at 25 partner universities, the Loran Award is valued at \$100,000 over four years, including mentorship, funding for summer internships and participation in an extensive network of past and present scholars.

Full details can be found at: <https://loranscholar.ca/>

To prepare for these and other opportunities throughout the year, I suggest you start perfecting your resume and a personal profile letter. UBC has a great link to assist you with this <https://you.ubc.ca/applying-ubc/how-to-apply/personal-profile/>

Have a safe and wonderful summer. See you in September.
