### **Student Learning Survey 2025**

The Provincial Student Learning Survey is unique in its scope, size and usefulness to schools. It gathers information from parents/guardians/caregivers, teachers, and students on topics related to school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective.

We encourage parents/guardians/caregivers to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus improvement.

Families, check with your Grade 10-12 student and find out if they took the survey. If they did not please encourage them to take it. The survey is about 15-20 minutes long. It's important!

The survey can be completed electronically and can be accessed on the Internet at [www.bced.gov.bc.ca/sat\\_survey/access.htm](http://www.bced.gov.bc.ca/sat_survey/access.htm).

### **Service Hours**

The application forms for student's service hours are ready to be picked up. This is a fantastic opportunity for students to be considered for an in-school service award for their hours of volunteering. To apply, students can pick up their application form from the ledge near the front office (look for a green arrow) fill in completely and return to **Mrs Withenshaw in the PHE office**.
